We have worked with LD Associates for over 10 years in such topics as leadership, communications and project/process management. Individuals and groups have varied from top management to professional teams. We especially appreciate Laurie's efforts in finding the most appropriate solution which suits our particular needs. We hope that there will be lots of future opportunities and projects where we can work together.

**Karla Kučerová: HR Manager**  
Teva Czech Industries s.r.o.

Having personally been trained by LD Associates at Renishaw plc, when I moved into an overseas management role, I chose them to deliver personal development training for 12 key staff in India. The change in staff thinking, and how they applied themselves, exceeded my expectations, with measurable results shown by all individuals. Laurie is now a key training provider for WEAFA, helping us support the regional aerospace and defence manufacturing industries.
